- I am a senior professional in the field of pharmaceutical science and have 14 years of working experience in intellectual property, portfolio planning, and business development activities.
- I am currently heading global intellectual property and portfolio planning for Unison Pharmaceuticals Pvt. Ltd for global markets such as the US, Europe, Canada, Australia, New Zealand, India, and the rest of the world.
- Unison Pharmaceuticals is one of the fastest-growing pharmaceutical industries in India in generic/branded side business across the globe.
- Prior to joining Unison, I worked with various top 5 US-based MNCs such as Amneal Pharmaceuticals, Lupin Ltd, Zydus Cadila, and Alembic Pharmaceuticals Ltd.
- I have done Bachelor of Pharmacy from Gujarat University, a Master of Pharmacy from NMIMS, Mumbai, and a Pharmaceutical Doctoral (Ph.D.) Science from Gujarat University.
- I have also completed a postgraduate diploma in patent law from NALSAR University. I am a registered Indian Patent & Trademark attorney since 2013.

Roles and Responsibilities:

- Responsible for leading and managing global IP strategies such as patent prosecution, patent litigation, IP creation and valuation, enforcement of IP rights and patent litigation settlement activities.
- Handling global patent litigation for US, Europe, Canada, and India markets by discussion and strategy with in-house and outside attorneys/counsels.
- Handled more than 30 countries patent prosecution for successful grant of broad patent such as Japan, Canada, Australia, South Africa, China, Malaysia, Philippines, Thailand, Vietnam, Singapore, New Zealand, South Korea, Mexico, Brazil, Russia, Eurasian, USA, Europe, India, Central America, Taiwan, Argentina etc.
- Handled more than 30 products IP litigation for US and Europe markets along with settlement with brand companies for the organization.
- Leading the strategy and portfolio steering committee in prioritization of early/late-

stage product pipeline to manage organization revenues.

- Interaction with US/European/Indian attorney's for ongoing product IP filing strategy on regular basis.
